

Welcome!

My name is Addis Quiterio and I am a future theater educator. I am excited to share my educational portfolio with you. Within this website you will find professional documents highlighting my experience in working with early childhood, elementary, and secondary students.

This portfolio includes lesson plans I have crafted and taught, images of productions I have assisted in, as well as my teaching philosophy and diversity statement. It also features my Safe Zone Training certification which demonstrates my commitment to fostering an inclusive, supportive, and affirming environment for all students.

I am passionate about creating an engaging and inclusive classroom that welcomes all diverse learners, backgrounds, and artistic styles. My dedication to teaching is rooted in the belief that educators lead students to learn and find their own passions. As I continue my journey into the teaching profession, I am committed to growing as an educator everyday by using theater as a tool to inspire, create, and empower every learner to lead. This portfolio represents my work and dedication in making a meaningful impact in my future students' lives.
